LUCCHESI SUB-SLOT BRACKETS

Discover the best of both worlds with the Lucchesi Sub-Slot bracket. Low friction and rapid tooth movement like a self-ligating bracket, using the Sub-Slot at the beginning of treatment, to full wire engagement for optimum torque expression during the later stages of treatment using the top slot like a conventional twin bracket. Developed by an orthodontist, Dr Mauro Lucchesi & exclusive to Ortho Shop.

ABOUT ORTHO SHOP

We are a family-owned and operated business founded in 1998. Our concept from the beginning is to bring orthodontic products, which are tested by our in-house orthodontist for quality, to our customers at affordable prices, combined with excellent customer service. With our extensive experience in the orthodontic sales industry, we have built relationships with the best orthodontic manufacturers in the world who manufacture identical products for big orthodontic companies. We have also worked with our manufacturers to bring exclusive and innovative products to our customers. We can bring these high-quality, FDA-Registered products to you at up to 60% less than what our competitors charge because our team is small but focused. Our team is truly knowledgeable about our products, and you can be assured that every order is carefully prepared by professionals who care about you and your patients. Call or email us today with any questions or to request samples. We are excited to assist you to start saving big on your inventory today!

We are proud to announce that our consultant orthodontist, Dr Mauro Lucchesi, inventor of the Lucchesi Sub-Slot Bracket, which is exclusive to Ortho Shop America, has won an Honorable Mention in the 2025 AAO Ortho Innovator Awards. Dr Lucchesi is always available to answer any clinical questions you may have. Marius and Silvana Jooste, Co-Founders, are here to ensure that you have a truly personalized purchasing experience from Ortho Shop America. Talk to us directly on 757-644-3578 for your personalized deals!
